FOR IMMEDIATE RELEASE

Vista Solutions Group Adds Team Members

Cedar Park, TX, January 24, 2011—Vista Solutions Group, a globally recognized document management solutions provider headquartered in Cedar Park, TX, is excited to announce the addition of staff members to its growing team. In alignment with VistaSG’s goal of offering a better, more positive overall experience for customers, the company is meeting customer demand by adding two additional members to its team.

First, the company is pleased to announce the return of Sarah Hamilton (Hieronymus) as Director of National Sales and Marketing, reporting to the CEO. “In her new role, Sarah will have global responsibility for all business development and service initiatives for the firm,” stated Michael Hundley, VistaSG’s recently appointed CEO. Hundley goes on to say, “Many of our customers know Sarah well and I am certain they will be as glad as us to have her return to the company!” The company intends to transition her into her new responsibilities with the assistance of Cesario Tio, VistaSG’s Project Manager. Tio will remain with Vista indefinitely following the transition.

The company’s development team is also pleased to announce the hiring of Peter Donton as Quality Assurance Associate, reporting directly to the CIO. “Peter’s responsibility will initially be to evaluate and solve client support issues while building a library of legacy information...” states Eric Rouse, VistaSG’s CIO. Rouse adds, “He will take a ground up approach to evaluating our system’s performance then assist the development team to enhance and eventually innovate our solutions for the benefit of our customers!”

The company remains focused on rebuilding its organization after the unexpected and tragic events that took place last April with the loss of its Founder.
